

INSURANCE AED & AED CABINET

Insure your AED and unlocked cabinet

Insurance AED & AED Cabinet

Insure your unlocked AED and cabinet.

What is covered by the insurance?

AEDs must be available for everyone, 24 hours a day, 7 days a week, and 365 days a year. They must be user-friendly for professionals and laymen, in an outdoor cabinet without delaying pin codes or locks. Being able to act quickly in an acute cardiac arrest is crucial in increasing survival rates.

In partnership with Summa Adviesgroep, Rotaid offers a unique insurance proposition: Insure your 'unlocked' outdoor AED cabinet, sealed with a Rotaid 'pull seal' that will break when the cabinet is opened. The insurance covers both AED and Rotaid AED cabinet against theft, damage, and other external harms.

The offer is clear and simple: a 4-year insurance with a 100% in-kind refund. Safe outdoor placement is therefore guaranteed. In case anything happens, you will receive a new device of the same or equivalent brand and model.

Questions?

In case you have any questions, please send an email to insurance@rotaid.com. After the 4-year insurance period, it is possible to extend the contract one year at a time, with a maximum of 8 years after date of purchase.

What is covered?

- ✓ External harm
- ✓ Theft
- ✓ Vandalism

What is not covered?

- ✗ Other material stored inside the cabinet
- ✗ Used or expired battery and electrodes
- ✗ Damage or loss incurred during use of device
- ✗ AED defect

Below you will find important information regarding your AED insurance.

Please save this document well.

How do I register my AED and cabinet?

1

In case you have not already done so,
Register your AED and Rotaaid cabinet via
www.rotaid.com/products/insurance
or send the attached document to insurance@rotaid.com

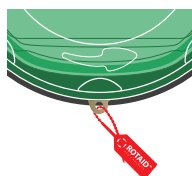

2

Store your AED
in the cabinet

At www.rotaid.com/support in the category
'Insurance' you can find where the serial number
of the cabinet and the AED is placed.

3

Use the pull seal to seal your cabinet (max. halfway).
Please note: do not pull the seal all the way to the end.
This may hinder opening of the cabinet.

What to do in case of damage or theft?

Report damage / theft via insurance@rotaid.com. Always include a copy of the police report
with at least the following information:

- AED serial number
- Brand and / or model
- Clear description of the incident

How do I re-order pull seals?

Send an email to insurance@rotaid.com with AED serial number and cabinet indication.
Costs are €5.- per 10 seals (excl. VAT and shipping costs).

Change your AED's location?

If the address of your AED changes, please notify us in a timely manner to remain being
insured.
